

Statement regarding Mike Andrea from the Leadership team of Global Generation Church

16th November 2021

As an Eldership we have been made aware over the last few weeks of allegations against Mike Andrea from several former church members. These have become the subject of an ongoing investigation by the elders and trustees of Global Generation Church. This process has been in consultation with our external advisor from 24-7 Prayer International. This will be reviewed by an independent professional organisation specialising in this level of complaint. We will commit to an independent and thorough process

Yesterday allegations of a historic nature were posted online, against Mike & Stella Andrea, leaders of Global Generation church in Thanet. The allegations have been made by a former member of the church and relate to events prior to 2011.

We receive all allegations with deep concern, and we would urge anyone else who wishes to make any kind of complaint to come forward by contacting contact@globalgeneration.co.uk

Any communication will be handled discreetly and with confidentiality. The church leaders are committed to carrying out a robust and thorough process.

The Elders and Board of Global Generation Church have suspended Mike & Stella Andrea immediately to allow this investigation to take place.

We would appreciate your patience as this process continues.

On behalf of the Elders - Global Generation Church Thanet
